

FAS Nonprofit Asset Inventory

A member of Sage FAS Nonprofit — an integrated fixed asset management solution.

FAS Nonprofit Asset Inventory provides asset inventory tracking and reconciliation capabilities for nonprofit organizations needing help with inventory management. Using state-of-the-art bar code technology, including Windows CE and Palm OS devices, FAS Nonprofit Asset Inventory creates and tracks multiple physical inventories of assets quickly and efficiently — giving you tighter control of your fixed assets.

- Fixed Asset Inventory Services

Complete control over your entire asset inventory at every step.

- Integrates seamlessly with FAS Nonprofit Asset Accounting, allowing physical inventory data to be easily reconciled with existing asset data
- Conduct multiple inventories concurrently at various sites and reconcile data at one central location
- Supports both types of inventories—Baseline to add new assets, and Dynamic to verify information on existing assets
- “Import/Export Helper” allows you to import data from, or export data to, the most popular spreadsheet and database applications
- Affordable Windows CE and Palm OS inventory readers make it easy to perform inventories
- On-screen “Virtual Reader” lets you perform a test inventory—and even add assets—before you invest in hardware

(over, please...)

FAS Nonprofit Asset Inventory

Hand held devices make
conducting inventories easy.

- Over fifty fully customizable data entry fields
- "Secondary Tag" field allows you to summarize assets by room
- Record important details by attaching notes, photos, or documents to individual assets
